WE SEE THE WORLD

Sustainable Education Enthusiasts Association

***Sustainable Education Enthusiasts***

Switzerland, 2023

# ***SEE: Sustainable Education Enthusiasts***

This pedagogical program was built on Swiss curriculum with focus on eco-practices. Since the first step a kindergarten needs to be plastic free. Kids can learn from the first steps to be responsible consumers. We connect and influence on our kids & their parents, educators and educational system in general.

# ***About SEE***

## ***Vision***

We believe that global human values make the world a better place.

## ***Mission***

Change the world for the better by bringing together pedagogical professionals, educational organizations, parents and committed individuals raising awareness of modern methods of education, sustainable development and progress.

## ***Values***

Belief in good intention. Self-control and self-motivation.

True personal commitments to sustainable values.

Sustainable education from a young age is an investment in the future of the world.

Power of Community. Sharing knowledge and practices, and expanding their application.

Support of sustainable entrepreneurs around educational institutions.

# ***Kristina Deburaux***

***Chain of kindergartens  
& primary school TotUP since 2015***

*"It is fundamental to start educating children from an early age so that they can expand their knowledge, develop values and be grateful to the environment. Today's children are the future."*

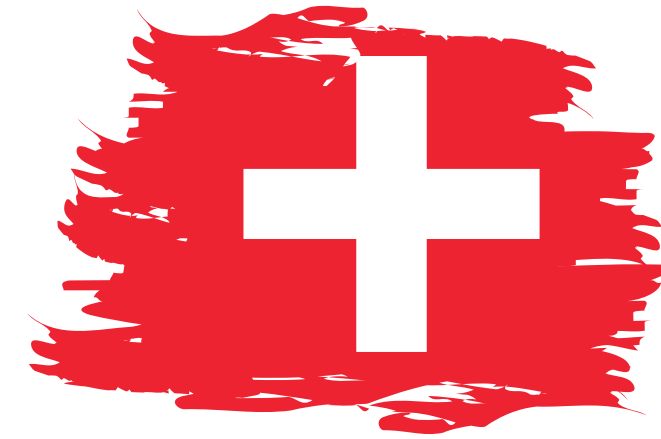

[www.babinakristina.com](http://www.babinakristina.com)

\*All 6 TotUP educational institutions operating in Switzerland with the legal permission of the authorities are certified as sustainable educational institutions and fully comply with SEE standards.

# Swiss Platform

to transfer knowledge

## Certificates

- Swiss Sustainable education standards

## Trainings

- Assistance with implementation

## Conferences, seminars

- Switzerland
- In inviting country

## Membership in Swiss Educational Association

Start from Audit of Institution: 3 modules, 100 questions, online mode, 2 meetings.  
80% of positive answers, up to 20% of questions training included.

# Our members

## Positive Image

- positive influence on society
- parents loyalty
- trust of authorities

## Owner / Director

kindergarten, primary school

## Your goal

to increase the confidence of parents, partners and authorities in the quality of the educational process

## Investments

- low investments
- adjusted roadmap
- no time pressure

# ***Our partners***

- institutional support
- local et global projects

## ***Non-profit organisations***

## ***Sustainable enthusiasts***

## ***Influencers***

- media
- public influence
- personal life experience

# *Sustainable Education in action*

SDG Target 4.7:

By 2030, ensure that all learners acquire knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles...

# Example (total 100 questions)

- *“Is there any eco-plastic in your environment?”*
- *“Do you provide workshops for kids about waste separation?”*
- *“Do you offer vegan / plant-based meals at least once a week?”*
- *“Do you and your personnel engage in any outside (park, garden, etc.) teaching or activities with children?”*
- *“Do you look after the plants yourself and educate children how to?”*
- *“Do you work with a local food supplier?”*
- *“Do you do any charitable work? What charity or social initiatives have you performed or plan to complete? (for example, giving kids cloths a second life and etc.)”*
- *“Do you educate and talk to your children about the importance of sharing and helping others?”*
- *“Do you use materials left over for art projects or other permaculture activities?”*
